RALEIGH, N. C., August 4.—The Seaboard Air Line Raliroad Company, in filling exceptions to the recent order of the Corporation Commission for the Seaboard and Raleigh and Charleston Raliroads to join in the eroction of a union station at Lumberton, declares that the commission is without jurisdiction to make such an order, that the order is in violation of the Fifth and Fourteenth amendments to the Constitution, and also in violation of the United States Constitution, in that they compel the Seaboard to enter into a contract with another railroad company, thereby invading their inviolable right of contract. The answer declares that for these reasons the order is 'unreasonable and arbitrary and unjust. of Going to Jail.

W. H. W. Holmes, the man who always salutes the One John when he ambles to the bar, was there yesterday, and he didn't forgot his military schooling.

"Who's that by your side, Colonel Holmes" asked the court.

"My intimate friend, Chicken Jones," answered the military has-been.

"I thought I recognized the face of the young man, It was years ago, before these locks of mine were gray, and when things were run a little differently in Richmond when I became acquainted with you two worthles. I then sent you to jail oftentimes. This morning methinks that both of you will spend some time in jail if I impose a fine or place you under security. For that reason I shall do the other thing and tell you to get out. Take the 23 at once."

Both Chicken and W. H. W. were surprised, and left the room wondering what would happen next.

Simon Neal, the little negro, charged with stealing 15, was dismissed, the evidence against him not being sufficient to convict upon.

Every drunk—and there were eleven of them—was dismissed, Justice Crutchfield being in an especially good humor.

ASHLAND, VA., August 4.— The Ashland school board met at a late hour tonight and made all the appointments for the approaching session. The most important selection, was that of the new principal. The Ashland High School to Recover.

portant selection was that of the new principal. The Askland High School has for many years been effectively conducted, and particularly so during the last session, under Miss Clara Cox, as principal, who has brought the school up to a high standard.

The board has considered all applications with great care, and after settling upon Professor David T. Duncan, as principal, appointed the following teachers: Primary, Miss Gertrude Bowers, Ashland; Miss Elizabeth King, Suffolk; Miss Genevieve Pettie, of Palmyra; Miss Gue M. Gaskins, of Warrenton.

Professor Duncan is the eldest son of Dr. James Duncan, deceased, and is well fitted by education and experience to fill the position. He is a graduate of the Randolph-Macon Collego, and has accepted the appointment, and will assume the duties of principal at the forth-coming session.

to Recover.

Shaking from the excessive effects of morphine, J. Edwin Reid, of Decatur county, Ga., appeared before Justice Crutchfield, in Police Court, yesterday morning to answer the charge of being disorderly and a vagrant. He had wandered away from his hotel the night before and searched in vain for hours for the drug that would stimulate him. Failing for some time to find any morphine, the man became desperate and went to a drug store, where he secured a small quantity of the drug on a prescription from a Washington physician.

But it appears that it had been too long since the man had had any of the drug and the dose he received was not sufficient to stimulate him. He was wandering around the street when found by the police and arrested. In Police Court he was a wreck, and back in the cage, after having been placed under security for his good behavior, he bared his arm and showed where the needle has a hundred times or more penetrated the skin. He begged for a drink, and was given one by men in the court-room who realized that he was in a bad condition.

Reid is the father of four young children and said he came to Richmond to work for a shoe concern. As soon as he gets over the result of the excessive use of the drug he will be let out of jail. He begged to be allowed to return to Georgia, but the justice thought it better for him to be kopt in prison for awhile.
